OBJECTIVE

My goal is to expand my skills and knowledge in the systems area through a job that allows me to develop to obtain more knowledge and experience.

PERSONAL INFORMATION

My name is Nicolás Martin Amado, I am 20 years old and I was born in Argentina – Buenos Aires. I am currently looking for a job within the systems area, willing to continue expanding my knowledge to improve my skills in any systems area to contribute as much as possible to my work. I acquire knowledge quickly so it will not be difficult to learn new techniques.

EXPERIENCE

“Estudio jurídico Amado & Asociados” in Peru 2320, San Justo, La Matanza, Buenos Aires. **Work -from March 2020 to December 2023-**

My roles at work include:

- Development and implementation of the law firm's website: Design and creation of the website using HTML, JS, REACT, NODE, and CSS.
- Implementation of a content management system to facilitate the updating of information.
- Website optimization for search engines (SEO).
- Administration of the legal firm's database in
- MongoDB: Database design and implementation.
- Performing backups and maintenance tasks/optimizing database performance.

APTITUDES

I am a specialist in creating web pages using React.js, Node.js, Nest.js, HTML, JAVASCRIPT. Defects and errors are also detected and resolved as quickly as possible. Creation of Responsive Web, using Bootstrap, SQL Queries, management of Git and GITHUB. Both teamwork and individual work are areas in which I perform with absolute calm, confidence, and patience when carrying out work or projects.
